A GLOBAL UNIVERSITY

Global Partnerships

Trinity has established strategic partnerships with some of the world's best institutions, allowing our students to spend a semester or a year abroad in another top university. Through the Erasmus Programme, Trinity students may study for a year in one of many distinguished European universities. Our expanding network of student exchanges also provides students with the opportunity to attend leading universities across North America, Asia, Australia and around the world. www.tcd.ie/globalrelations

Study Abroad

Each year Trinity welcomes a large number of visiting international students for a single semester or full year of study. Studying abroad allows you to gain valuable international experience that can add significant value to your future career. You can join us as an exchange student, through a study abroad provider or by applying directly as a visiting student. Talk to your university's study abroad office to determine what will work best for your academic programme. For details on how to apply to study abroad at Trinity, please see www.tcd.ie/study/non-eu/study-abroad/ or email us at study.abroad@tcd.ie.

Online Education

Trinity's Online Education initiative offers exciting online courses, allowing students to receive a Trinity-quality education from anywhere in the world. In 2014, Trinity launched its first Massive Open Online Course (MOOC) in Irish History.

See www.futurelearn.com/courses/irish-history to register. For more information on all Online Education opportunities, please visit www.tcd.ie/OnlineEducation/

DID YOU KNOW

Did you know that the fossil remains of the largest deer that ever lived can be seen in Trinity's Museum Building? The Giant Irish Deer lived in Ireland until the end of the last Ice Age, over 11,000 years ago.

Study in Ireland

As the gateway to Europe, Ireland has been renowned for learning and creativity for centuries. Our English-speaking, well-educated population has drawn global companies like Google, Facebook, Intel and HP, who now collaborate in our research and employ our innovative graduates. Ireland is world-famous for its friendly citizens and warm welcomes.

Live in Dublin

With a fast-growing, cosmopolitan population of just over one million, Dublin is a vibrant European capital city. Located at the heart of Dublin, Trinity sits at the very centre of everything the city has to offer. Blending a high-energy, multinational professional culture with traditional Irish warmth and hospitality, Dublin has sprawling parks, cozy cafes and quirky restaurants for the daytime, with Victorian pubs, fashionable clubs, music gigs and theatre by night.

Dublin at a Glance

- Top 15 student city in the world
- Official UNESCO City of Literature
- European City of Science 2012
- Popular DublinBikes public cycling scheme
- Famous for local music, literature and theatre
- 5000 acres of green space, including Europe's largest urban park
- Travel hub for easy access to Europe
- EU headquarters for Google, Facebook and many others
- Home to many of Ireland's most famous musicians including U2, Sinead O'Connor and Enya

DID YOU KNOW

Did you know that Dublin is bordered by the Irish Sea and the Wicklow Mountains? You can access beaches, cliff walks and mountain trails using public transport.

TRADITION

From the oldest student societies in the world - debating societies 'the Phil' and 'the Hist' - to the annual Trinity Ball - a formal outdoor music festival and Europe's largest private party, the student experience at Trinity reflects the rich, celebrated history of the University.

URBAN

Studying in Trinity and living in Dublin go hand-in-hand. Our students learn from leading academics in the classroom and leading cultural and professional practitioners working throughout the city, just a stone's throw from the campus gates. Based in a city centre campus, Trinity students are thoroughly immersed in every element of Dublin life.

CUTTING-EDGE

A research-led university, Trinity is home to multiple centres for excellence, including leading nanoscience institute, CRANN, and the state-of-the-art Trinity Biomedical Sciences Institute, a €130 million facility opened in 2011. Trinity consistently ranks in the top 50 universities in the world for research impact.

Trinity's extracurricular life is in a league of its own—boasting over 200 societies, sports clubs and publications, including some of the oldest in the world. At Trinity, involvement in student organisations is not seen as just a hobby, but plays an integral part in your education. The wealth of offerings allows every Trinity student to construct his or her own unique university experience.

The historic campus is dotted with the chambers and facilities of Trinity's societies, such as the Trinity FM radio station, Players Theatre and 'the Phil' and 'the Hist'—the oldest debating societies in the world. From Amnesty International to the Juggling Society to the award-winning *University Times*, there is something for every interest. For a full list see www.trinitysocieties.ie

THE TRINITY EXPERIENCE

Trinity Ball

Trinity's packed social schedule culminates in the iconic Trinity Ball, one of the world's largest private parties. An outdoor, formal event featuring the finest new musical talent from Ireland and the UK, playing across the campus to an annual audience of about 8,000 students, staff and alumni, it really must be seen to be believed!

Sport

Sport at Trinity College Dublin forms an important part of campus life. Enjoying over 60 sports clubs, open to all levels, students have an opportunity to hone their skills and have fun in the process. In addition to opportunities for intervarsity competition, the clubs offer training and instruction. Using the exceptional on-campus Sports Centre, open to all students, as well as Trinity's many playing fields and courts, there are countless options for fitness and sport.

Undergraduate Admissions

Entry to Trinity College Dublin's undergraduate programmes is highly competitive. International applicants must have completed a high school qualification equivalent to the Irish Leaving Certificate. General matriculation requirements include pass grades in English, mathematics and a language other than English. Additional requirements may apply for some courses. Specific admissions standards for A-Levels, US and Canadian high school diplomas and International Baccalaureate points are available here:

www.tcd.ie/study/non-eu/undergraduate/country-specific/

For more guidance on the admissions requirements for your secondary school system, please consult the website or email International Admissions at noneudegree@tcd.ie.

Postgraduate Admissions

Entry to postgraduate taught programmes normally requires a high second class honors degree in a relevant subject, though some courses require a higher standard. Students interested in research programmes should first explore the research interests of the relevant school or department and make contact with a potential supervisor. All applications for postgraduate study are made through Graduate Studies. www.tcd.ie/Graduate_Studies

English Language Proficiency

With the exception of foreign language studies, English is the language of teaching at Trinity. All students applying for undergraduate and postgraduate programmes must provide supporting documents demonstrating their competence in English.
